Solihull Parent's Forum is a group that aims to provide an opportunity for parents and carers to get involved in the decision making processes that affect families in Solihull.

We cover a range of topics from school admissions to road safety and aim to positively influence local policy in these areas. We currently inform, council's Early Help Board and the Health and Wellbeing Board, but there is scope for us to sit on their other boards too. We meet each month and are always looking for new members!

We are hoping that by contacting you, as your school's Parent Council, we will develop a network of interested parents who will be able to share their thoughts with us and the council. You do not need to attend all our meetings, but you can be part of the group and be informed and engage in discussions going around the borough.

If you are interested in finding out more, joining us as your school parent council (or as an individual), or just being kept up to date with things that affect parents and families, please contact us via any of the means at the top of this page.
